Gen. No. 949. HOME AND FOREIGN.

War Office, 5th March, 1862.

With reference to War Office Circular 697, the Secretary of State for War has had under his consideration the question of issues of Fuel and Light for shops of Armourer Sergeants of Regiments supplied with interchangeable rifle muskets.

Sir George Lewis, with the concurrence of His Royal Highness the General Commanding in Chief, has now decided upon the following regulations:—

In cases where a few stand of arms only require to be browned and blued, issues may be made by Barrack Masters on the following scale, viz.:—

Coal, 1½ bushel per week, throughout the year.
Wood, 3 lbs. " " "
Candles, 1 lb. " for the winter months only.
Charcoal, as required for blueing, to a maximum of 4 lbs. for the year.

When, however, the arms of an entire Regiment shall require to be browned, &c., at one time, which will only be requisite once every two years, Barrack Masters are authorized, on receiving a certificate from the Officer commanding that a period of two years has elapsed since the date of the commencement of the previous similar issue, to make the following increased allowances in *lieu* of the above, viz.:—

For a Regiment 850 strong,—

Coals, 3 bushels per week for twenty weeks.
Coke, 4½ " " "
Wood, 3 lbs. " "
Candles, 1½ lbs. " for the winter months only.
Charcoal, 42 lbs., for the operation of blueing.

Barrack Masters will attach the certificate of the Officer commanding to the first monthly fuel return wherein, after each biennial interval, these issues are included.

At Foreign Stations, similar or corresponding issues may be made by the Commissariat Department under the same conditions.

Gen. No. 2, 2,641 CIRCULAR, No. 746.

FOREIGN.

War Office, 13th March, 1862.

It has been brought to the notice of the Secretary of State for War that at some Foreign Stations the Engineer estimates for War Department works and buildings do not include the cost of the transport involved, such transport having been supplied by the Commissariat Department, and the cost defrayed out of the item for land and inland water transport in Vote 8.

In order that the Engineer estimates may more accurately represent the total probable expense involved, the Secretary of State for War has now decided that the cost of transport required for the several services shall be included in the Engineer estimates.

At Stations, therefore, where Commissariat or hired transport has been thus supplied hitherto, the Commanding Royal Engineer and the senior Commissariat Officer will confer on the subject, and the former will include in his estimates 1863-4, and in those of future years, the amount which it is considered will be necessary to meet the cost of such transport as will be required by his Department for the year.

The Commanding Royal Engineer will then apportion the total amount amongst the several items of his estimates, showing the nature and amount of transport required for each, and including its estimated cost in the estimate for each.

He will also give at the end of his estimates an abstract showing the amount proposed for each item on account of transport and total amount.

The Commanding Royal Engineer acting in conjunction with the Comptroller may apply the amount sanctioned for transport on one item of his estimate to the provision for transport made for another item, should it be necessary.

The Commanding Royal Engineer may also apply any saving on the transport sanctioned for an item to the general service of the item, and, *vice versâ*, any saving on the item generally may be applied to meet a deficiency in the provision for transport, the total amount of the item not being exceeded in either case.

The Commissariat will, nevertheless, estimate for the gross amount of general transport, deducting at foot such portion as may be required for the Engineers, which would be specially provided for as above.

CIRCULAR, No. 746—*continued.*

The Commissariat will also continue to supply and pay for all transport upon pro vouchers, charging the actual expense incurred for Engineer services to the vote works, and regulating the charges for such permanent transport as may be used by Engineers, according to the actual work performed, and at rates to be agreed u between the two Departments.

GENERAL ORDER, No. 808.

f College—2 (1862). *Horse Guards, S. W., 6th March*, 1862.

HE accompanying Regulations for the Staff College, having been revised, are now
nnigated, for the information and guidance of Officers of the Army.
lthough only one Officer can be spared from a Battalion at a time, for the purpose
udying at the College, this will not necessarily prevent a Battalion sending more
n one to compete at an examination, if circumstances admit of their absence from
r Regiment.
he principle under which Officers are allowed to enter the Staff College being that
re competition, it follows that candidates who may be found qualified at any
mination, but who, from want of a sufficient number of vacancies, cannot then be
itted, will not have any claim to subsequent admission, without undergoing another
petitive examination.
ith reference to the last paragraph of Art. XIII., it is hereby notified that, until
her orders, the portion of that Article which refers to the attendance at the final
mination of Officers who have not passed through the College, will be suspended.

By Order of H. R. H. THE GENERAL COMMANDING IN CHIEF,
JAMES YORKE SCARLETT, *Adj. Gen.*

FOREIGN STATIONS.

At Foreign Stations the following regulations will be strictly adhered to :—

The examination will be held on the 23rd July and following days, or as soon that date as the examination papers shall be received from the Council of Mil Education.

In the latter case, however, the General Officer in command will forward to Adjutant General a special report of the circumstance, specifying the precise da which the papers were received.

A Board of Officers will be appointed by the General Officer in command, and consist of three Officers; one of whom to be, when practicable, a Staff Officer, ha the rank of Field Officer, and the other two, if possible, not under the rank of Capt One of these Officers will belong to one of the Scientific Corps, where any such Of can be obtained.

The examinations will be conducted by means of the same printed questions a set for the examination of candidates in London, and they are to be answered i presence of the Board.

The Board will give to each candidate a number, which he will affix to each of examination papers, instead of his name. He will retain the same number through the examination.

The Board will give to each candidate a paper of the printed examination ques on each subject, at the time specified for the examination in that subject.

The candidates will write their answers to the questions in the presence of Board, and their papers, together with the printed examination questions, will collected at the hour appointed, and made up into a packet, which will be sealed be being taken from examination room.

The Board will immediately on the conclusion of the examination forward papers of the candidates to the General Officer commanding, for transmission to Council of Military Education, accompanied by a certificate that the candid obtained no assistance from books, or help of any kind in their examination. Board will, at the same time, forward the names of the candidates, corresponding w their index numbers in the examination, in a separate envelope, for transmissio the Council of Military Education.

Geology			...	...	...	...	...	...	3 "

There will be, in all cases, an interval of not less than one hour between the two periods of examination on each day.

The papers will be collected at the appointed hours by a member of the Board. Any Candidate, however, who may have finished his examination paper on any subject before the hour named, may deliver it into the hands of a member of the Board.

Candidates will bring their writing and drawing materials, instruments, &c., and also the tables of logarithms they are in the habit of using. No other books or notes of any description will be allowed to be used.

It is scarcely necessary to observe that no communication whatever will be allowed between the candidates at the examination.

Officers commanding Regiments abroad are to transmit to the General Officer in command a return of the Officers desirous of competing, together with a medical certificate of good health, and fitness for the active duties of the Staff. Such Officers will then be ordered to join at head-quarters, for examination, or at any other places which may be selected for the convenience of those at the more distant Stations.

With reference to Paragraph IV. of the revised Regulations for the Staff College, published with the General Order, No. 808, of yesterday's date, which directs "that if the Commanding Officer of the Regiment, or the General Officer commanding, cannot recommend the application of any candidate, the grounds of objection are to be distinctly stated,"—it is to be observed, that, as there will not be time at distant Foreign Stations to refer to the Adjutant General on the subject, such Officer should, in all cases, be permitted to undergo his examination, on the understanding, however, that the objections urged against his application will still be submitted for the decision of His Royal Highness the General Commanding in Chief.

General Officers commanding at Foreign Stations will place no restrictions upon Officers competing, further than the exigencies of the service may absolutely require. It will be understood that the rule by which only one Officer can be spared from a Battalion at a time, for the purpose of studying at the Staff College, does not apply to Candidates from Battalions which have Officers now at the College, but whose course of study will terminate in December next.

General Officers commanding at Foreign Stations will select the hours for the examination which are best suited to the climate and circumstances of the country, taking care, however, to conform strictly to the number and distribution of the hours, as detailed in the foregoing Regulations.

On the completion of the examinations, General Officers commanding should transmit the candidates' papers to the Vice-President of the Council of Military Education, 13, Great George Street, Westminster, with the least possible delay, in order to enable Officers from distant Stations, who may be successful in the competition, to join the College early in the following February. They will at the same time forward to the Adjutant General a return of the Officers examined, with their certificates, as required by the Regulations.

In the event of there being no candidates, General Officers commanding will, *at once*, notify the fact to the Vice-President of the Council.

Officers serving abroad who may be successful candidates will be allowed the regulated passage-money home, on joining the Staff College.

The names and examination numbers of the candidates who are successful in the competition, as well as of those who prove themselves qualified, and the examination numbers alone of candidates who fail, will be published immediately after the reports of the examiners have been received by the Council of Military Education, with the total number of marks gained by each candidate, and his place on the list.

Candidates are recommended to obtain the Report of the last Examination for Admission, with copies of the examination papers, published by Parker, Son and Bourn, W. Clowes and Sons, Harrison and Sons, and W. H. Allen & Co., London; and Alexander Thom and Sons, Dublin.

By Order of H. R. H. THE GENERAL COMMANDING IN CHIEF,

JAMES YORKE SCARLETT, *Adj. Gen.*

5. CIRCULAR, No. 747.

No. 202. *War Office*, 31*st March*, 1862.

Adverting to the concluding paragraph of the War Office Circular No. 152, dated October, 1857, I am directed by Secretary Sir George Lewis to request that you cause the monthly casualty returns* of the Corps under your command, *with the returns thereto belonging*, to be forwarded to this Office, *vid Southampton*, with the possible delay after the termination of each month, instead of transmitting the same vid Marseilles, and the *vouchers* by the Southampton route; the separation of returns and vouchers being found inconvenient.

I am, however, to remind you that the *medals* of deceased Soldiers should be forwarded to this Office, separately, in registered packets, and the expense charged in the Regimental Accounts, as prescribed under the heading "Correspondence of the Army," paragraph 12, page 79, of the Queen's Regulations.

6. CIRCULAR, No. 748.

No. 253. *War Office, Pall Mall, S. W., 1st April*, 1862.

Having been represented to the Secretary of State for War, as desirable, that a general directions should be issued relative to the care and preservation of arms belonging to Regiments of Disembodied Militia and Enrolled Pensioners, Sir George has been pleased to sanction the circulation of the annexed Rules for the information and guidance of Officers and others in charge of such Arms.

B. HAWES.

RULES *and* REGULATIONS *to be adopted in the care and preservation of Arms belonging to Enrolled Pensioners, Disembodied Militia, &c.*

The Store for these Arms should be a thoroughly dry and well-aired building, well whitewashed, clean and perfectly free from moth or wormeaten timber.

The Arms, previously to being put into Store, after the periodical exercise and firing, should be carefully examined and thoroughly cleaned and oiled. For this purpose the barrels, locks, and even the guard and trigger plates, should be removed from the stocks.

During the period the Arms are in Store, they should be examined occasionally, at every four months, the barrels wiped out and oiled, and the locks, if found to act stiffly, also cleaned and oiled.

Previous to the Arms being re-issued for training, they should be carefully examined, more especially with regard to the cleanness of the barrels and free action of the locks. All barrels should be wiped out before firing and well washed, wiped out and oiled after. Too much care cannot be bestowed in keeping the inside of the barrels perfectly clean and uninjured, as the efficiency and precision of the Arms are entirely dependent upon this.

It is of the utmost importance not to allow *brickdust or any other gritty substance* to be used in cleaning out the inside of the barrels.

The locks of the Arms when *in use*, should be taken to pieces and thoroughly cleaned and oiled at least once every two months, and in fact whenever they are found, on examination, to act stiffly. In cleaning and oiling the locks, particular attention should be paid in wiping and oiling the various frictional parts, such as the axle hole of the lock plate, the shank and pivot of tumbler, &c.

The maintenance of the Arms in a thoroughly efficient state mainly depends upon their being frequently and carefully examined, more especially after having been used in wet weather.

In wet weather the Arms should invariably be cleaned immediately after the men return to their quarters.

Qualification of Master Tailors.—1 (1862). *Horse Guards, S. W., 11th March,* 1862.

It having been brought to the notice of His Royal Highness the General Commanding in Chief, that a difficulty is often experienced in procuring competent Master Tailors in Regiments of Foot Guards and Battalions of Infantry of the Line, the following instructions on the subject have, with the concurrence of the Secretary of State for War, been approved, and His Royal Highness desires that they may be adhered to whenever Officers commanding may think fit to apply for the special enlistment of Serjeant Master Tailors.

The Officer commanding having found a competent tradesman willing to enlist on the prescribed terms, will apply to the Adjutant General for permission for his examination, as regards his trade, at the Royal Army Clothing Factory at Pimlico.

Should he pass the required examination, an application for his special enlistment as Serjeant Master Tailor will be addressed to the Adjutant General, accompanied with the certificate of the Superintendent of the Royal Army Clothing Factory.

The Serjeant Master Tailor is not to be in addition to the establishment of the Corps, but will take the place of a duty Serjeant, of which rank he will receive the pay and allowances, and his service will be allowed to reckon as Serjeant's service towards

CIRCULAR MEMORANDUM. Gen. No. 194.

Addressed to Officers commanding Regiments and Depôt Battalions, and to Instructors of Musketry thereto.

Instr. of Musk. 2 (1862). *Horse Guards, S. W., 3rd April*, 1862.

As a want of uniformity appears to exist in the manner of keeping the Company Musketry Drill and Practice Return and the Practice Registers and Diagrams, the following instructions on the subject are published for the information and guidance of all concerned, and Commanding Officers are held responsible that the same be carried into effect; such instructions being necessary, not only to ensure uniformity, but also economy in the expenditure of registers, &c., and to facilitate the checking of the Practice Records.

Company Practice Return.

1. In this return the names are to be entered by squads or sections, leaving two lines between each. All men who join the company after its annual course has commenced are to be entered after the last section or squad, with an interval of two lines.

2. All entries in the table recording the file, volley and skirmishing practices are to be vouched by a separate diagram.

3. Before deductions are made in this table on account of non-effective men, preparatory to the preparation of the annual Practice Return, the original entries are to be totalled, from which totals the required deductions are to be made.

4. The points to be deducted on account of non-effective men in the file and volley practices are to be the averages of the section with which they practised; and, in the skirmishing practice, the average of the target under which their names are entered in the diagram.

5. When men are transferred from one company to another, or from one corps to another, they are to be credited in form M, Musketry Regulations, under the head of file, volley and skirmishing practices, with the average points per rule detailed in the preceding paragraph.

Practice Registers.

6. The names are always to be entered in these documents in the order they appear in the Company Practice Return, with the succession number in said return prefixed.

7. The registers for the 1st period are to contain the names of every man of the squad or section per Company Practice Return. The cause of absence of the men not forthcoming for practice in 1st period with the company is to be stated in the columns "*total points*" and "*duplicate total points*."

8. In the other "periods," the names of the men of a class of two or more sections are to be entered in one register, when the number of men in the sections does not exceed twenty. In no case are the names of a squad or section to be part in one register and part in another.

9. When the number of men in the 1st, 2nd, or 3rd class of a company is twenty or under, their names are to be entered in one register.

10. The casuals of two companies are on no account to be entered in the same register, it being of the greatest importance that the registers of each company be kept separately, and in the possession of the Captain or Officer commanding the company.

11. When the number of casuals practising with another company, or otherwise, does not exceed five, one Target Practice Register is to record the results of a period, the duplicate total points being, of course, removed at the conclusion of the practice at each distance.

12. It appears that in some cases the Practice Registers are kept by the Officer Instructor, or are sent for by him to check the entries in Company Return; such practice being irregular and unnecessary, is to be discontinued, as that Officer should examine the Company Practice Returns at the conclusion of each "period," from the "duplicate total points" in his possession.

Diagrams.

13. The succession number is to be prefixed to the names of men entered in diagrams.

14. When a squad of casuals consists of men of different companies, the men composing the squad are to execute the file, volley and skirmishing practices together, and not separately by companies.

15. The diagrams of casuals are to be headed consecutively 1st, 2nd or 3rd squad of casuals, with the companies and depôts of the men composing the squad, which number is to be entered in the first column of the table recording the platoon and skirmishing practices.

CIRC. MEM. No. 194—*continued.*

16. Captains or Officers commanding companies, with their Company Instructors, are invariably to be present whenever Inspectors of Musketry examine their Musketry Practice Return and Registers, the Captain alone being responsible for their correctness and safe keeping.

CIRCULAR MEMORANDUM. Gen. No. 195.

Addressed to General Officers commanding Divisions, Districts and Stations at Home and Abroad, and to District Inspectors of Musketry.

Instr. of Musk.—3 (1862). *Horse Guards, S.W., 4th April*, 1862.

WITH a view to establish uniformity, and to bring under the notice of the General Officers commanding Stations, Districts and Divisions, and of the Inspector General of Musketry, for the information of His Royal Highness the General Commanding in Chief, the progress, deficiencies, &c., in musketry instruction in a clear, concise and systematic form, Inspectors of Musketry, and other Officers charged with the supervision of the musketry training of the troops, will in future draw up their monthly A, or quarterly reports under separate general headings, and not by corps, and supply the information on each subject herein mentioned, in the following order:—

HEADINGS OF REPORT.

Corps visited during the Month.

1. In a tabular form, show the corps visited during the month, with the stations at which quartered, the number of men of each corps found under instruction in preliminary drills and at practice, the merit of the shooting witnessed, with the distance, and the merit of the judging-distance practice, with the class to which it refers.

2. When no corps has been visited, it is to be so stated, with the cause of the omission.

Non-commissioned Officers employed as Musketry Drills.

3. Notice the proficiency, or otherwise, of the Company Instructors and Non-commissioned Officers generally as musketry *drills*, mentioning, in cases of inefficiency, the corps concerned, and the branches of instruction in which they are deficient.

Preliminary Drills.

4. State if the instruction in the several subjects embraced under this head is carefully conducted; and if, from the position of the men, and the answers given in the examination on the theoretical principles, and cleaning arms instruction—the questions being invariably put by the Inspector—and not by the Instructor—attention has been paid to the "position drill," and other subjects of the preliminary drills, by the Officers, Non-commissioned Officers and Privates. When such is not the case, name the corps, and detail the particulars.

5. It is to be borne in mind that the results in practice afford unerring evidence of the goodness, or otherwise, of the position of the men, &c.

Target and Judging-distance Practice.

6. Notice irregularities that have been discovered in the execution of these exercises, mentioning in each case the corps, company and name of Company Officer attending the practice.

No departure from the musketry regulations, however trivial the circumstance may be, is to be allowed, it being of the utmost importance that one system should prevail everywhere.

Inspectors are to satisfy themselves that the men are in marching order when at target practice, except at those stations where the knapsack has been dispensed with; that the knapsack is worn as detailed in the "Queen's Regulations;" that the targets are colored per orders on the subject; that the file firing takes place per instructions in the book of "Field Exercises;" and that the skirmishing practice is executed in advancing from 400 to 200 yards, and retiring from 200 to 400 yards, until the ammunition allowed for the practice is expended. All irregularities in any of the points mentioned in this paragraph are to be noticed, specifying the corps, company and Company Officer concerned.

CIRC. MEM. No. 195—*continued.*

Company and Recruits Musketry Drill and Practice Returns.

7. Notice in general terms if these returns in the several corps and battalions are neatly kept, and if the entries therein agree with the registers and diagrams; and mention the battalion and company, with name of Captain or Officer commanding company in exceptional instances.

8. In cases in which the total number of points recorded against a man's name in the Practice Return is greater than in the registers, and the man has in consequence practised in a higher class than he should have done, the corps, company, regimental number, rank and name of the soldier is to be mentioned, with the particulars of the mistake, and whether a "marksman" or not.

Practice Registers and Diagrams.

9. Notice whether these records have been correctly kept, and are complete in every particular.

When it is discovered that corrections are not initialed by the *Company Officer* attending the practice, in the case of duty men, mention the corps and company concerned, and in the case of marksmen, the regimental number, rank and name, with the distance at which firing, or the practice and period of judging distance, and the number of points obtained in the period, with and without the value of hits altered and not initialed.

10. Copies of remarks on the Company Practice Returns sent to Commanding Officers are not to accompany the report; they are to be retained by the Inspector, so that they may be forthcoming should they be required. A synopsis of the said remarks, so far as relates to irregularities affecting the claims to rewards for good shooting, arranged by companies, is to accompany the Annual Practice Return, and, on the removal of battalions, is invariably to be forwarded to the Inspector of their new district.

11. The condition of the ranges is invariably to be noticed, and any alteration in their number or direction. Under this head reference is also to be made to the condition and economical use of articles sanctioned for musketry training, which are on no account to exceed, without authority, the number authorized by the "Musketry Regulations." Inspectors of Musketry are held responsible, so far as lies in their power, that every arrangement is made to prevent the suspension of Rifle instruction on account of the want of ranges, or the deficiency of musketry articles.

Arms.

12. Notice the state of the arms, whether clean, serviceable, properly browned, and if they possess the regulation "pull off" of trigger.

Too much attention cannot be paid to this subject, in order that by timely interference the arms may be kept ready for service.

Under this head notice is to be taken of the caps and ammunition issued for practice.

13. Whenever trials of arms or ammunition are made, in consequence of reports as to their being defective, the "mean radial deviation" of each trial is to be notified, specifying the number of rounds from which calculated, number of hits and misses, the size of targets used, and the allowance made as the absolute deviation for misses, with remarks as to fouling, and other points of importance, in a tabular form.

Correspondence.

14. Notice the date and purport of communications, and Officers to whom addressed, with the result. Inspectors of Musketry are to carry on as little correspondence as possible with corps; and, except in cases which require immediate attention, they are to represent to *General Officers*, in their monthly reports, all irregularities discovered. In no case are copies of correspondence to accompany the monthly report, it being sufficient to give a *resumé* of such in the said report.

15. Inspectors of Musketry, or Officers charged with the supervision of Musketry Instruction, are to forward all their communications and returns to the Inspector General of Musketry, through the Deputy Assistant Adjutant General of the School of Musketry.

Instructors.

16. Notice the manner in which the Officers perform their duties, and whether they convey the instructions in the theoretical principles in a lucid and methodical way, naming those who appear indifferent to their duties, and

those who deserve special notice for their zeal and efficiency; also notice the efficiency of the Serjeant Instructors of Musketry.

17. Serjeant Instructors are not to be employed in the preparation of the Company Practice Returns, but are to take an active part in the instruction of the men. Inspectors are to satisfy themselves by personal examination and enquiry, that they are improving themselves, that they are efficient "drills," and that they are upholding their high and responsible situation by conduct and soldierlike bearing, naming those of the School of Musketry attached to Depôt Battalions whom they consider worthy of promotion for conduct, efficiency and educational acquirements.

V. VOLUNTEER CIRCULAR, No. 18.

Gen. No. 1849. *War Office, 14th March*, 1862.

SIR,—With a view to extending the means which have already been afforded to Volunteers of deriving instruction in Camp duties by brigading with the regular troops at the Camps of Aldershot and Shorncliffe, the Secretary of State for War has approved of the issue of the following additional regulations, for the guidance of such Corps as desire to have instruction in Camp duties, but are not able to proceed to either of the above-mentioned Camps.

1. When it is proposed to form a Camp of Volunteers for the above-mentioned purpose, an application for permission to do so, stating the place, date of formation, duration, and probable number of Volunteers, must in the first instance be sent to the Lord Lieutenant of the county in which the Camp is to be situated, who, if he approves the proposal, will forward it to the Secretary of State for his sanction. If this sanction be given, each Corps wishing to join the Camp will then apply (on the annexed Form) through its own Lord Lieutenant for permission to do so. In the case of a Corps belonging to an administrative regiment, brigade or battalion, the application must be sent through the Field Officer Commanding.

2. If the Secretary of State should approve of the application, the necessary arrangements will be made for the issue of Camp equipage to the Volunteers from the nearest military store, upon a requisition signed by the Commanding Officer of each Corps (see Form B., Circular 9), being forwarded to the Under Secretary of State; but the cost of transport of these stores to and from the place of encampment will be defrayed by the Corps.

3. The Secretary of State for War will request the General Commanding in Chief to appoint an Officer of the regular Army to command in the Camp, and impart instruction to the Volunteers in Camp duties.

This Officer will be assisted by a Non-commissioned Officer of the regular forces, who will act as Staff Serjeant. The Volunteers must provide their own supplies; but it is desirable that this should be done in such a manner as to afford instruction in the dis-

The Officer appointed to the charge of the Camp will be directed to communicate the Senior Officer of Volunteers, regarding the selection and marking out of the nd according to military principles, as well as regarding the general arrangements he encampment.

will take care that the proper measures for the comfort and cleanliness of troops standing Camp are taken, as far as practicable, beforehand; that the tents and equipment are ready for issue to the Volunteers when they arrive on the ground; hat the Camp is regularly pitched, guards mounted, &c.

The Officer acting as Quartermaster e Corps will attend at the Military Store, for the purpose of examining the es, in conjunction with the Superintendent of Stores, and assessing any damage to them beyond fair wear and tear, and, on the joint report of these Officers to the r Secretary of State, the amount of damage will be charged against the Corps.

V. VOLUNTEER CIRCULAR, No. 20.

Gen. No. 1883. *War Office, 17th March*, 1862.

SIR,—With reference to Article 181 of the Volunteer Regulations, I am directed by Secretary Sir G. C. Lewis to call your attention to the edition of the Field Exercise and Evolutions of Infantry as revised by Her Majesty's command, which has recently been published, and to request that you will take care that the drill of the Corps under your command is conducted strictly in accordance with the system therein sanctioned, subject to the following modifications :—

1. Volunteers, although armed with the long Enfield Rifle, are to be instructed in the Manual and Platoon Exercises prescribed for the short Enfield Rifle, except as regards the modes of fixing and unfixing bayonets, in which instances the directions laid down for the long rifle are to be followed ; also all orders contained in the Field Exercise for the guidance of troops carrying the short rifle are to be considered as applicable to Volunteers, although armed with the long rifle.

2. It is not necessary that the Volunteers should be instructed in the slow step.

3. When a Corps of the strength of a company or a sub-division is drawn up by itself in line at open order to receive an Inspecting Officer, the position of the Commandant is six paces in front of the centre. This is also his post when the ranks are closed, as well as when the Corps is marching past the Inspecting Officer.

I am to add, that copies of the pocket edition of the above-mentioned work may be purchased at a cost of 1*s.* each from the following publishers and booksellers :—Messrs. Parker, Son and Bourn, 445, West Strand ; Messrs. W. Clowes and Sons, 14, Charing Cross ; Messrs. Harrison and Sons, 59, Pall Mall ; Messrs. W. H. Allen and Co., 13, Waterloo Place ; Mr. W. Mitchell, 39, Charing Cross ; Mr. Alex. Thom, Abbey Street, Dublin.

I have the honor to be, Sir, your obedient Servant,

To Commanding Officers of Volunteers. DE GREY AND RIPON.

V. VOLUNTEER CIRCULAR, No. 21.

Gen. No. 1901. *War Office, 18th March*, 1862.

SIR,—The attention of Secretary Sir George Lewis having been directed to some instances of irregularities occasioned by the practice of entrusting to Serjeant Instructors sums of money belonging to Volunteer Corps, I am directed to inform you that as the performance of the duties, which in conformity with the Volunteer Regulations should be assigned to these Non-commissioned Officers, does not involve the necessity of any portion of the funds of the Corps to which they are respectively posted passing through their hands, Sir George Lewis considers it inexpedient to sanction the practice above mentioned.

I have the honor to be, Sir, your obedient Servant,

To Commanding Officers of Volunteers. DE GREY AND RIPON.

ORDER OF THE BATH.

War Office, 2nd May, 1862.

THE QUEEN has been graciously pleased to give orders for the appointment of Col. Thomas Rawlings Mould, Roy. Eng.; Col. Alfred Francis W. Wyatt, 65 F.; Lieut. Col. Arthur Leslie, 40 F.; Lieut. Col. Robert Carey, h.p. 40 F., Dep. Adj. Gen. to the Forces in Australia; to be Ordinary Members of the Military Division of the Third Class, or Companions, of the Most Honourable Order of the Bath.

THE VICTORIA CROSS

CONTINUED FROM

"*The Monthly Army Lists*" of March, June, July, October and December, 1857, January, February, May, July, September, October and November, 1858, January, February, May, June, July, August, October, November and December, 1859, February, March, June, July, September, October and December, 1860, and March, April, August and September, 1861, and March, 1862.

War Office, 29th April, 1862.

THE QUEEN has been graciously pleased to signify her intention to confer the Decoration of "The Victoria Cross" on the under-mentioned Officers of Her Majesty's Indian Forces, whose claims to the same have been submitted for Her Majesty's approval, on account of acts of bravery performed by them in India, as recorded against their names, viz.:—

The *late* 2nd European Bengal Fusiliers.—Lieutenant THOMAS CADELL.—Date of acts of bravery, 12th June, 1857.—For having, on the 12th June, 1857, at the Flag-staff Picquet at Delhi, when the whole of the Picquet of Her Majesty's 75th Regiment and 2nd European Bengal Fusiliers were driven in by a large body of the enemy, brought in from amongst the enemy a wounded Bugler of his own regiment, under a most severe fire, who would otherwise have been cut up by the rebels. Also, on the same day, when the Fusiliers were retiring, by order, on Metcalfe's house, on its being reported that there was a wounded man left behind, Lieutenant Cadell went back of his own accord towards the enemy, accompanied by three men, and brought in a man of the 75th Regiment, who was severely wounded, under a most heavy fire from the advancing enemy.

Bengal Engineers.—Lieutenant EDWARD TALBOT THACKERAY.—Date of act of bravery, 16th September, 1857.—For cool intrepidity and characteristic daring in extinguishing a fire in the Delhi Magazine enclosure, on the 16th of September, 1857, under a close and heavy musketry fire from the enemy, at the imminent risk of his life from the explosion of combustible stores in the shed in which the fire occurred.

The Queen has been pleased to direct that the following Regulations respecting Foreign Orders and Medals shall be substituted for those now in force:

Regulations respecting Foreign Orders.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's Dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a Foreign Sovereign on British Subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Commander-in-Chief, the Master-General of the Ordnance, or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

ARTIFICIAL ARMS AND LEGS.

THE Lords and others Commissioners of Chelsea Hospital having, at the suggestion and recommendation of the Secretary of State for War, made Arrangements for the supply of Artificial Arms (constructed upon an improved principle) and of Artificial Legs (in imitation of the natural leg, both as to form and motion) to those Commissioned Officers who have been wounded in the Service, whose means may not enable them to provide themselves with more expensive contrivances,—it is hereby notified, that such Officers who may be desirous of availing themselves of this benefit, and whose cases may come within the above regulation, should address their applications upon the subject to the Secretary of Chelsea Hospital. It is, however, to be clearly understood, that, as this is intended to be a boon to Officers of the above description, no pecuniary allowance in lieu can be granted to Officers who may prefer providing themselves with other substitutes for limbs.

WHEREAS it has been found expedient to revise the regulations under which Field Allowance is granted to Officers of the General, Garrison and Departmental Staff, and to Regimental Officers of our Army: It is our will and pleasure, that instead of the provisions contained in pages from 81 to 87 of our Royal Warrant of the 1st July, 1858, which are hereby cancelled, those contained in this our Royal Warrant, to be administered and interpreted by our Secretary of State for War, shall, from the date hereof, be adopted.

Objects of Field Allowances.

1. Field Allowances are intended to provide Officers with the means of defraying the expenses to which they may be subject by being placed under canvas, or in taking or preparing for the field. These allowances are classed under two heads, Ordinary and Extraordinary, at the several rates set forth in the Schedules hereunto annexed, marked A. and B. respectively, and shall be granted with the strictest reference to the nature of the service, or to the preparation for it, which the emergency may require.

Ordinary.

2. Ordinary Field Allowances are applicable to the encampment under canvas of troops in the United Kingdom or in the Colonies.

Extraordinary.

3. Extraordinary Field Allowances are sanctioned in cases when and wherever troops are engaged in military operations in the field in time of war, disturbance or insurrection, whether actual or apprehended.

Persons entitled to receive.

5. None but Officers actually present and serving with, or in immediate connection with, the troops, and not being in occupation of public quarters nor in receipt of Lodging Money, shall be deemed entitled to receive Field Allowance; and Heads of Departments, Commanding and other Officers certifying the Returns of persons so entitled will be held strictly responsible for their accuracy.

Mode of Issue.

6. Issues of Field Allowances shall be made in manner following, viz.:—

Ordinary (which is to be given only when specially authorized) by daily issue in arrear, commencing from the date of the encampment of the troops.

Extraordinary, for three months in advance, commencing from the date of the order to take the field. In cases, however, where military operations are likely to be of longer duration and of more serious extent, a double issue of the Extraordinary Allowance, amounting to six months in the whole, may be sanctioned by a General Officer on a Foreign Station, who will immediately report the same to the Secretary of State, for War; or if the troops proceed from the United Kingdom, the previous authority of the Secretary of State for such double issue must be obtained. But if the service for which the three or six months' advance has been made shall extend beyond these periods respectively, the allowance for any further period shall be made according to the number of days, monthly in arrear.

Officers joining.

7. An Officer, on joining the force, who has not previously received Field Allowance, shall be entitled, when the Ordinary rate is being issued, to receive it from the date of his joining, and when the Extraordinary rate is being issued, to receive it in advance for three or six months from the date of the order for him to take the field.

The subsequent allowance being made by daily issue, as provided in the preceding article.

Succession to higher Appointments.

8. An Officer serving with any field force who have received an advance of Field Allowance, and who shall succeed to a higher appointment, or obtain promotion or a staff appointment, shall, if he continue to serve with the same force, be entitled to receive the difference between his old and new rates of allowance as a daily issue from the date of the General Order notifying such appointment or promotion.

Officers leaving the Force.

9. If an Officer, who has received an advance of Field Allowance shall quit the force with which he is serving, in consequence of ill-health or wounds, or on account of being ordered elsewhere, he shall not be liable to refund any portion of it to the public.

Should he, however, leave the force for his own convenience, he shall retain only that portion to which he would have been entitled up to the date of his departure, if it had been issued daily, and he shall refund the remainder.

Brevet Rank not to carry Allowance.

10. A Captain having brevet rank shall not receive Field Allowance according to that rank, unless he be directed by General Orders to perform Field Officer's duties.

Captains performing Field Officer's Duty.

11. A Captain succeeding to the command of a regiment, or directed by General Orders to perform Field Officer's duties therewith, shall be entitled to receive a Field Officer's Allowance.

Officer commanding a Company.

12. An Officer commanding a Company shall be entitled to the allowance of a Captain.

Double Issues prohibited.

13. No Officer shall, under any circumstances whatsoever, be authorized or permitted to receive or enjoy more than one rate of Field Allowance.

15. In any case, arising out of the United Kingdom, where a new appointment connected with the service, and not provided for by these Regulations, shall appear to be absolutely necessary, the officer in command shall forthwith report and explain such necessity to the Secretary of State for War, awaiting the decision that may be given thereon; but if the case be one of emergency, he may, if he sees fit, nominate to such appointment, assigning to the person selected such temporary rank as may be proper, and causing the same to be notified in General Orders; and such person shall be entitled to receive a corresponding rate of Field Allowance, if his employment bring him within the strict meaning of these Regulations.

Given at our Court at St. James,' this 26th day of April, 1862, in the twenty-fifth year of our reign.

CIRCULAR MEMORANDUM. Gen. No. 200.

Addressed to the Cavalry and Royal Artillery.

Horse Guards, S. W., 24th April, 1862.

To facilitate still further the mounting of Officers of the Royal Artillery and Cavalry, His Royal Highness the General Commanding in Chief, with the concurrence of the Secretary of State for War, is pleased to permit officers to select horses from the ranks under the following regulations, which, however, do not abrogate those laid down in the Circular Memorandum dated 24th December, 1860, No. 99.

1. An Officer, under the rank of Field Officer, may select any horse not previously told off for a non-commissioned officer, on the payment of £50 to the Paymaster.

2. The Paymaster will credit the Government with the troop price only,—the difference being applied, through the regimental dealer, to the purchase of remount horses of a superior class; so that Officers may have increased opportunities of selecting suitable chargers.

3. No horse so selected shall be sold by private contract, or otherwise disposed of by the Officer, within five years from the date of selection; but, after the expiration of that period such horse may become his property without restriction.

4. Should the Officer wish to part with the horse before he has had it five years, he must place it at the disposal of his Commanding Officer, who will, if it be passed sound and efficient as a trooper or gun horse,—and provided its age does not exceed six years, take it back into the ranks at troop price. If, however, though sound, it be over six years old, the Officer will receive £5 less than troop price for every year exceeding such age.

5. Should the horse not be sound it may be cast and sold with other cast horses, the officer receiving the proceeds of sale.

6. In either of the cases stated in paragraphs 4 and 5, the officer may, with the consent of his Commanding Officer, purchase another horse from the ranks for £50.

By these means, and without any loss to the public, it is expected that dealers will be enabled to buy troopers likely to be selected by officers, who will thus have the opportunity of securing good horses at very reasonable prices.

CIRCULAR MEMORANDUM. Gen. No. 203.

ROYAL ARTILLERY.

ddressed to the General Officers Commanding Troops, and to Officers Commanding Royal Artillery at Home and Abroad.

Horse Guards, S. W., 10th May, 1862.

1. His Royal Highness the General Commanding in Chief has much pleasure in nding that the Report of the Inspector General of Artillery, as to the general efficiency the Regiment, is confirmed by the Annual Returns received from the several Brigades. large proportion of the Regiment has, during the past year, undergone the prescribed urse of redrilling, and where certain Batteries have not fully completed the course, tisfactory reasons for their not having been able to do so have been given. The cessity of detaching small parties of Artillery in isolated Forts at some stations, and e demand for a large proportion of the Artillery for ordinary garrison duties at others, e two of the obstacles which have prevented the course of drills being in some stances completed.

There is a difficulty in obviating the former, but as regards the latter, His Royal ighness wishes to impress on General Officers in command, that in view of the great vances daily making in the science of Artillery, the thorough instruction and frequent ercise of the Artilleryman in his special duties is more than ever indispensable to s efficiency as a Gunner.

With this view, a carefully considered course of annual drill has been laid down, on e lowest scale considered compatible with efficiency, for the guidance of Commanding ficers of Artillery.

2. The Right Honorable the Secretary of State for War, in concurrence with His yal Highness, has authorized the issue of certain stores, models, books, &c., to igades; the receipt of these will give the Commanding Officer greater facilities for ording more advanced instruction to their men.

Great exertion is called for on the part of both Officers and men by the general disibution of rifled cannon which has taken place during the past year, so that every rtilleryman may make himself thoroughly acquainted with the care and management these powerful guns, and the preparation and use of the ammunition and stores nnected with them, and that on all occasions they may be used with the greatest vantage.

The Artilleryman must henceforth bear in mind, that he will have to contend with rtillery of far greater precision than in any previous war, and that the greatest curacy and quickest application of his own means will be necessary to maintain periority and insure success.

These means have been provided; his own exertions must turn them to the greatest vantage.

3. Officers commanding Brigades will be called upon, from time to time, to detail ficers and non-commissioned officers to undergo the long course of instruction at the hool of Gunnery, and they will select such only as, in their opinion, are most likely be able, after having been themselves instructed, to impart the knowledge they have quired to others.

In the event of Officers, or Non-commissioned Officers of the Long Course being nd, after a reasonable time, to have made inadequate progress, or show decided intitude for instruction, or want of energy and interest in the pursuit of information, ey will be recommended to rejoin their Brigades.

4. By the reports of practice received from the several Brigades, increased anxiety expend to the greatest advantage the ammunition granted appears in most instances have manifested itself.

It behoves every Officer, Non-commissioned Officer and Gunner to make himself quainted with all the stores and ammunition with which he has to deal; this

remark is called for, in consequence of an instance having occurred, in which the bursting charges of the new Pattern Diaphragm Shrapnel Shell (60 drams) were issued and used with the Diaphragm Shells of the old Pattern (the proper bursting charge of which is 80 drams); the shells, consequently, did not burst.

The Store Department is responsible that the stores and ammunition in their charge are in good and serviceable condition, but Commanding Officers of Artillery are answerable that the stores and ammunition which they receive are on all occasions those which they require, and which are proper to be used.

5. Whilst impressing upon Commanding Officers the necessity of every Officer, Non-commissioned Officer and Gunner being fully and carefully instructed in their *special* duties, His Royal Highness desires also to draw attention to the *setting up* and *marching* drill of the men which he trusts will not be overlooked.

Arms 3 (1862). *Horse Guards, S. W., 17th April, 1862.*

UNDER the present system of providing finished materials for the repair of arms, there is little work for the tools in the armourer's chest, and His Royal Highness the General Commanding in Chief considers that there is no reason why, under ordinary circumstances, they should not last the full period required by regulation. Armourer Serjeants, therefore, will still be made responsible for keeping up the forge and fittings and tools in good working order, for twenty years, with the exception of the "*Plates, Screw, Armourer's Small,*" which will be renewed every five years, if required, at the public expense.

Previous to any Armourer Serjeant leaving a Regiment, or on his reduction for misconduct, the Commanding Officer should cause a survey of the forge and tools to be made in presence of both the old and new Armourer Serjeants, and loss or undue damage assessed accordingly.

The tools should at all times be in a sufficiently serviceable state to enable work to be done with them; but in giving over tools exception is not to be made on account of their being half worn, as Armourer Serjeants are not to be expected to hand over their tools in a new state.

By Command. JAMES YORKE SCARLETT, *Adj. Gen.*

The further Appointments of Ensigns and Second Lieutenants in Militia Regiments having been suspended, *Asterisks are placed where the Names would otherwise appear.*
